

THEODY

FAYETTEVILLE, ARKANSAS

THEODYMUSIC.COM

"It started as a solo project" says founder, Lauren Elizabeth, "just a recreational and part time thing."

As more opportunities arose it became obvious that this up and coming hard rock group from NW Arkansas was gaining an audience and being taken seriously. Fast forward six years and you'll find that "Theody" is still just as eager to give their all; on and off the stage.

With the experience earned through multiple nation-wide tours, Theody has developed an impressive live show, and with lyrics and melodies so catchy, you'll be singing along in no time.

Theody's record catalog includes two full-length albums, several singles, and most recently, the "Prelude" EP. Currently, they are working hard on writing and recording a new project, that promises more heartfelt melodies and intense energy that Theody has become known for.

But if you really want to know what this band is all about, ask the band members, Lauren, Charles, and Chad, about the connection they are forming with their rapidly growing fan base. This is not just another chart chaser; Theody brings energy with convicting voice to every project and concert.
